

# Prophetic Faith

By André and Jenny Roebert

From the very beginning of time the God of all creation caused a space of non-existence to become a place of life and destiny. He took what was without shape or form and one word at a time, created a perfect universe and all it would encompass. You are the product of the words you speak daily. Since the moment time itself was established until time will come to an end, the same principle of creation is set into motion. A word is spoken and a thing is established, only this time, the words that bring forth substance are from the mouths God's chosen creation. Every man paves his own destiny, good or bad, fruitful or fruitless by the words he speaks.

You and I may be at a point in our lives where we feel dissatisfaction concerning the path or direction our lives may have taken, or may seem to be heading in the future. We blame circumstances, misfortune, other people's actions or attitudes, even God Himself for the position we find ourselves in today. The truth is, today we are the product of the words we spoke yesterday and tomorrow we will be exactly what we speak today.

## A Mystery of Great Price...

I am about to share a mystery of great price with you. It is a valuable key that will unlock Divine wisdom and will set your life on a different course, should you choose to apply it. It is the mystery hidden for you by your Creator since the start of time. If you are tired of gambling through life, being at the mercy of circumstances and of others, this message is for you. Now is the time to change your destiny, take charge of your future and embark on the journey of a lifetime.

## The Spoken Word of God

To fully understand this well-kept secret, we will go straight to the Source of creation itself: the spoken word of God. In Hebrews 11:3 we are

reminded that God's words brought the worlds into being. The term "word" is taken from the Greek word *rhema*, which describes something that is spoken beady and vividly in unmistakable terms and undeniable language. The word *rhema* carries the idea of a quickened word. Now an example of this quickened word of God is what rises up within our spirits and hearts when we read a portion of scripture that just seems to jump out at us. Even though we may have read that verse many times before, it suddenly has a depth of meaning and value to us as never before.

For the first time, that scripture brings such a clear understanding to us and it feels as though the inside of us has lit up and a thrill of excitement begins to bubble up within us! We call this a revelation! The word of God has now passed from being just good words written in a book to your own personal revelation! God's quickened word spoken from the Holy Spirit within you has highlighted and confirmed the written word of God you are reading. In fact what you have just experienced is the birthing of a very powerful force inside of you called faith!

## Don't Repeat it, Believe It!

Hebrews 10:23 urges us to hold fast to the profession of our faith! "Profession" comes from the Greek word *homologia*, which means "to say the same thing." To make this a little dearer, let's consider a writer. When an author writes an article, his thoughts, convictions and beliefs are printed on paper. If you read his book and agree with what is written, being his words, then you are actually agreeing with the author himself, because those words represent what he thanks and believes. You may, in fact, agree so much with the writings that you take the author's viewpoint and began to hold it as your own conviction and before long you and the author are aligned in your thinking and believing.

The word 'profession' is not the picture of someone who simply repeats what someone else has said; rather it is an Individual who has gotten the Word of God into his head and has come into agreement and alignment with what God says. This person sees what he has read as God sees it, hears it, and feels it. He has the same conviction, conceding the words he has read as God does! And so, when the believer begins to confess or profess the word of God he has read, it is powerful because it comes from a deep place of conviction inside his heart

Words that are spoken from the conviction of the heart and are in line with God's heart are words of faith! The person has in fact spoken out the revelation that has come from the quickened word of God within him that is in total alignment with the written word he has read! The conviction of God has become the conviction of man and when that conviction is spoken out, it causes those words to take on creative form and shape and what was not seen, becomes visible! That which was hoped for now has substance! Because words that come from the conviction of the heart and are in line with the conviction of God's heart are words of faith! It is these very words that have the power to create.

Just as God's words created the universe, your words of faith create the world you choose to live in! That which was hoped for now has substance - prophetic faith is what we are called to live by, a faith that has the power to speak and create the future! Nothing happens in the kingdom of God unless something is said. And the promises of prosperity, success divine health and a life full and well worth icing is only going to become yours when you align your thoughts, convictions and beliefs with God's word. And when you speak out those powerful convictions you become the prophet of your own life! You activate the kind of faith that paves the future.

# A Spirit Filled Christmas

By André and Jenny Roebert

It's Christmas, the most wonderful time of the year! While we deck the halls and dress the trees and decorate with all things jolly, to get into the spirit of Christmas; let's make a special effort to pay attention to the Spirit of God, on the inside of us! The Bible describes Him as a precious treasure living within us. Being filled with the Spirit of God is the most wonderful gift of all and when we understand how to stay vitally connected to His voice of wisdom and truth, our lives will overflow with His supernatural purpose, peace and joy!

As born again, children of God, we have the most valuable gift of life, dwelling within us. Unless we choose to train our hearts and minds to become sensitive to His voice, we can go through our lives being dictated to by circumstances, depending on our own strength and wisdom.

I once read an article Gloria Copeland wrote, explaining the process of becoming sensitive to the Spirit of God inside of us. She used the analogy of tuning in to a radio station.

When we want to listen to a particular radio station, all we need to do is turn a dial and tune in to that station. You see, that station is constantly transmitting its frequency but we have to tune into the frequency to hear it clearly. Just the same, the Holy Spirit is alive on the inside of us, constantly speaking and guiding us. We just need to know how to fine tune our hearing to His voice. We tune in and out all the time, depending on what we give our attention to.

Now, there are many different ways to fine tune our spirits to hear the Spirit of God, however, one of the fastest and most effective methods is to

pray in tongues. 1 Corinthians 14:2 says, "For one who speaks in an [unknown] tongue speaks not to men but to God, for no one understands or catches his meaning, because in the [Holy] Spirit he utters secret truths and hidden things [not obvious to the understanding]."

When we pray in tongues, we are not praying according to our own thoughts or understanding, we are praying the Spirit of God's! Now that truth alone makes my spirit leap with excitement! You see, the more you learn about the nature and character of God, you realise how absolutely awesome He is. Besides being all powerful, He is full of love and goodness and hope. He is kind, gentle, merciful and compassionate. And He is for us! He loves spending time with us because He delights in us. He really is interested in every intimate detail of our lives. I have to say, that has always touched my heart about our God. The way I literally feel His smile and unconditional love for me, every time I direct my thoughts to Him.

When we pray in tongues, we silence every other thought or frequency in our minds and spirits that would bring doubt and fear. It's like plugging into a supernatural power source that floods us with hope and wisdom and strength. That's because we are directly and vitally connected to the Spirit of God Himself!

There is nothing that satisfies our spirits and souls more, than that. It's because praying in tongues is connecting with the Spirit of God, on His terms. Remember that His ways and thoughts are not ours, they are far superior because He is all knowing and all powerful. So whatever we need at the time we tune into His Spirit, is exactly

what He fills us with. Sometimes it's so light and refreshing, like a gentle breeze, brushing over our spirits, assuring us of His love and faithfulness. Other times it can be a clear thought that is spontaneously dropped into our minds that carries a powerful sense of urgency, filled with wisdom and purpose. There is no limit to how the Spirit of God makes Himself known to us as He deposits His truth inside of us. However, you can be certain that He will never bring fear or hopelessness. He is not the spirit of fear, He is love and from the moment we surrendered our lives to Him, He gave us His Spirit of love, power and a sound mind! So let's not spend the rest of our days ignoring that supernatural power house that lives inside of us! Let's choose to constantly tune into Him, drawing from His Spirit as our vital necessity.

Can you imagine the blessing you will be to those around you this Christmas when you are constantly being filled with that powerful force of love that never fails, filling every part of your life and then flowing into the lives of others?

Let's make this a Christmas like no other, a Christmas filled with the Spirit of God Himself!

ANDRÉ AND JENNY ROEBERT are the pastors and co-founders of River Ministries situated in East London, South Africa, incorporating various ministries, each geared to spread the Gospel of Jesus Christ around the nations of this world. For more info visit: [myriver.com](http://myriver.com)
